

### **Attention NMC Golfers**

As the old saying suggests about a round of golf goes, 'A good walk spoiled'. As antithetical as it seems there are secretly many golfers in our running club. Secret because we pride ourselves as the blue collar unpretentious athletes that do it for the love of the sport as well as the camaraderie. It wasn't until I decided to take up the sport so that I could spend time with my sister and brother-in-law did I see the benefits and attraction of the sport. On a good day we can enjoy each other's company as well the manicured beauty of the course. And it is a good walk. The social aspect of the sport is what really attracts me to the game. It can be a frustrating activity but as is true of all sport it must be remembered that it is still just a game. With this in mind I am hoping to poll the club's membership and find out how many golfers there are in the club. If there is enough interest we are considering a golf outing. A non-competitive day of walking the course and chasing a little white ball around will be planned. As is true of all club activities, it will be an inexpensive event. If you are interested contact me, Rene Lavoie by email at [rainman52@verizon.net](mailto:rainman52@verizon.net) or by phone at 508-380-6268.
